

## General Debility and Loss of Flesh

Scott's Emulsion has been the standard remedy for nearly a quarter of a century. Physicians readily admit that they cannot get from any other flesh-forming food. There are many other preparations on the market that pretend to do what

### SCOTT'S EMULSION

does, but they fail to perform it. The pure Norwegian Cod-liver Oil made into a delightful cream, skillfully blended with the Hypophosphites of Lime and Soda, which are such valuable tonics, makes this preparation an ideal one and checks the wasting tendency, and the patient almost immediately commences to put on flesh and gain a strength which surprises them.

Be sure you get SCOTT'S Emulsion. See that the man and fish are on the wrapper.

#### PORTLAND ITEMS.

An Interesting Budget From the Web-foot Metropolis.  
PORTLAND, July 15.—Portland has been overwhelmed by another moral wave, similar to the one a few years ago when Spencer was chief of police. Last night every saloon in town had not only the front door, but the back door closed after 1 p. m., and the music in all the concert and dance halls was stopped at midnight. How long this state of affairs will last is not known, but the sporting element look confident and say everything will be all right very soon. It must work a hard-ship on the city administration to carry water on both shoulders, and have the rain fall alike on the just and unjust. The moral elements are just as confident that things will remain as they are.

Ex-Mayor E. B. Pond of San Francisco, and a few years ago a candidate for governor of California, is in the city, accompanied by his wife, Mr. Pond is looking after his property and mining interests in this state, in which he has large holdings. In spite of the fact that the Alaska boom is in a somewhat dilapidated state considerable activity is being manifested in boat building. Every ship yard around Portland has from one to three new boats on the ways and all the old craft that for so long lay idle at the levee and along the front are all at work.

Every day you may meet men on the streets looking for harvest hands and men for ranch work.

The real estate dealer says sales of property are very dull and owners cannot realize excepting at ruinous sacrifice.

The town is ever run with fake shows and fakers of every description. From Ash to Oak street on Third, there are five running in full blast. From a gentleman just down from Baker City, it is learned that the mines and mining interests up that way were never in better shape and that at least one town in Oregon has felt the benefit of the long promised wave of prosperity.

The French residents will celebrate the fall of the Bastille, by a grand banquet this evening.

#### BENNINGTON OFF.

Fifth Expedition About to Leave For the Philippines.  
SAN FRANCISCO, July 15.—The gunboat Bennington sailed last evening. It is generally supposed that she is going to Honolulu but nothing as to her destination can be stated.

Major-General Otis has issued an order designating the troops to sail for Manila on the second section of the fourth expedition, or the fifth expedition. The men have been assigned as follows.

To the Pennsylvania—The First Montana volunteers, and the recruits of the First California volunteers.

To the Rio de Janeiro—Two battalions of the First South Dakota volunteers; the recruits of the first and second battalions of the Eighteenth Infantry; the signal detachment, consisting of three officers and thirty enlisted men, and the recruits of the Utah light artillery.

To the St. Paul—One battalion of the South Dakota volunteers; the recruits of the Colorado volunteers; the recruits of the Thirtieth Minnesota volunteers; the signal corps detachment, and the signal corps consisting of two officers and twenty enlisted men.

(The recruits sent from Oregon for the second regiment, Oregon volunteers, now in Manila, who have been gathered at Camp Merritt, San Francisco, during the past two weeks, have for drill purposes, been attached to the Thirtieth Minnesota regiment and are presumed to be included with that organization in the above assignment to the transport St. Paul.)

#### That Privateer.

SAN FRANCISCO, Cal., July 15.—A dispatch received here states that the alleged privateer had been identified as the Soga, an Alaskan trading vessel.

It is believed that the steamer Soga belonged to a syndicate of South Dakota capitalists.

The Soga has just arrived at Vancouver, having been taken by its owners from Central American traffic to engage in the Alaskan trade. The vessel is of foreign build, and as it carries the flag of Holland, some distance, while on its way up the coast to Vancouver, doubtless mistook it for a Spanish privateer, and hastily carried the sensational news to the nearest port.

McMinnville.—Fred Ramsey, a son of Judge Wm. M. Ramsey of this city, is First Sergeant on the Battleship Oregon.

#### A SUDDEN HALT.

French Gunboat Tried to Run into Guantanamo Harbor.

PLAYA DEL ESTE, Guantanamo Bay, July 15.—A French gunboat of about 2,000 tons displacement attempted to come into the harbor about dusk last night, without permission, and met with a surprise party. The cruiser Martheleard fired a blank shot as the gunboat came into the entrance to the harbor, but no attention was paid to this, and a shot from a six-pounder was sent across her bows. This too was disregarded, the gunboat coming along under full steam. For a few minutes it looked as if a row was possible.

The trumpets on the Martheleard rang out a call to quarters, and another shot was sent across the Frenchman's bows, this time in uncomfortable proximity. That warning was sufficient, however, and the Frenchman stopped with extreme suddenness. It is against naval custom for a war vessel of one nation to enter a port which vessels of another nation are blockading, unless permission is granted. The captain of the French gunboat was either in ignorance of the American occupation, or chose to disregard it, until forcibly reminded of the fact by Commodore McCall.

The gunboat was allowed to anchor in the lower bay for the night. To Aid Commodore Watson. New York, July 15.—A special to the Herald from Washington says: Believing the effect of the appearance of the American squadron on the Spanish coast will be in direct proportion to the strength of the fleet, Secretary Long and the naval board have decided to strengthen Commodore Watson's command by an additional armored and probably three or four protected and unprotected cruisers.

#### To Govern Hawaii.

SAN FRANCISCO, July 15.—The call says it has been practically decided to appoint Colonel T. H. Barber, of the First New York Regiment, military governor of the Hawaiian Islands. The appointment, however, will be merely temporary.

Eugene—Reports received in this city state that a crazy man has been at large for some time in the (Siuslaw) country. The man appeared at Head of Tide some time ago. He had over \$300 in money on his person. He roamed about, slept out in the woods, at night, talked a great deal and told of a mysterious murder which he said was committed in Douglas county. He also stated that he was in search of the parties who committed the murder. The last seen of him he was headed up the Wild Cat.

Woodburn—Sergeant McCabe, a prominent citizen met with an accident Wednesday which will likely prove fatal. While hauling wood from the butcher farm, near this city, he alighted to shut a gate through which he had passed. In attempting to mount the load, the team started forward, throwing Mr. McCabe violently to the ground upon his head and shoulders. The shock caused complete paralysis. A physician was called, who pronounced the case extremely doubtful.

#### At Four Score.

Dr. Miles' Nerve Restores Health.

UNCLE EZEKIEL CHEAR, assessor and tax collector, Beverly, Mass., who has passed the 80th life mile stone, says: "Dr. Miles' Restorative Nerve has done a great deal of good. I suffered for years from sleeplessness and nervous heart trouble. Would feel weary and used up in the morning, had no ambition and my work seemed a burden. A friend recommended Dr. Miles' Nerve, and I purchased a bottle under the assurance that it would restore me to health. I thought it no use. But it gave me restful sleep, a good appetite and restored me to energetic health. It is a grand good medicine, and I will gladly write anyone inquiring, full particulars of my satisfactory experience."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee; first bottle benefits or money refunded. Book on diseases of the heart and nervous free. Address: DR. MILES MEDICAL CO., Elkhart, Ind.
